

Science City Participant Logistics

Load-In/Out – WEEKEND OF EVENT

Each participant group may have ONE (1) Load In/Out permit. This one permit is used for both Load-In and Load-Out.

Load-In Times

- Friday 3:30 pm-5:30 pm (No load-in permit required)
*campus units can walk-over booth materials anytime during the day
- Saturday 6:30 am – 8:00 am (load-in permit required – one permit per organization)
- Expect a long wait to load-in
 - Enter campus off Campbell at the NW entrance (Campbell/University)

Load-Out Time

- Sunday 5:30 pm (load out permit required)
- Cars loading out on the mall will be directed to Campbell Ave to exit campus
 - Expect a long wait to load-out and exit campus

Parking

The Load-In/Out Pass will also act as the Parking Permit. You will NOT be given a separate Parking Permit. Parking will be on the north lawn of McKale or Gittings, as directed by UA Transportation. ONE (1) car per group is authorized to park in this permit-only parking area.

****All other participants working at your booth should plan to park at one of the garages or street parking around campus. Express to your volunteers that finding parking requires extra time and to plan accordingly.***

To park on the north lawn of McKale or Gittings, enter campus off Campbell Ave onto University and you'll be directed to the parking area.

Recommended It is highly recommended that participants park (1) car per group on the north lawn of McKale and unload the car from there (parking permit required) **instead of Loading-In from the street circling the Mall.** This will likely be quicker and more efficient than waiting in the long Load-In line. Refer to the map to see the close proximity of the participant parking area to Science City.

Parking

Additional to the one permit given to each organization, Free parking can be found North of Speedway and South of 6th Street. Surface lots are free but garages located on the main campus charge a fee to park.

Storage Option

Participants are welcome to cover and store their equipment/materials at their booth. Security will be on site beginning at 5pm on Friday until morning load-in times and then again Saturday **night into Sunday morning**.

Limited storage is available in the Kuiper Building, adjacent to Flandrau Science Center in their secure loading dock area (**map included**).

Groups must make arrangements with Maria S. at mariams@lpl.arizona.edu or 621-4861

Available times:	Fri.	2:00 pm – 5:00 pm
	Sat.	7:30 am – 8:30 am/5:00 pm – 5:30 pm
	Sun.	7:30 am – 8:30 am
